Fabric Banners & Exhibition & Hanging

We specialise in printing high quality fabric banners at great prices. Whether for Indoor or Outdoor use. Regardless of whether you are looking for just one banner or fifty in any size or shape, we have a solution for you. Our banners are ideal for exhibitions, Tradeshows, Conferences or Events. Durable quality fabrics printed at very high resolution are a powerful display medium. The flexibility of different finishing options such as Velcro, Eyelets, hanging rods, ropes or stretched over a stand, means there is a viable solution to every display situation.

- We are Experts in digital Printing on Fabric
- High Resolution Digital Printing with UV Resistant Inks
- Durable, High-Quality Long-Life Fabrics
- Many Finishing Options to suit any situation
- Excellent Prices, Large Volume Discounts Fast Efficient Production and Quick Delivery

METAL EYELETS AND REINFORCED EDGES

STRONG HEADBANDS STRAPS AND WEBBING

VELCRO SEWN ON BACK OF THE FABRIC

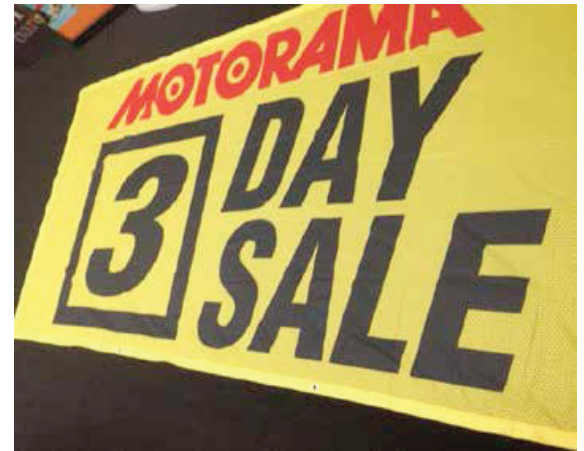

FLAG CLIPS AND HOOKS

Our outdoor fabric banners are printed at high resolution on durable, long life fabrics. Fabric Banners have proven to be a good alternative to vinyl banners as they are easier to transport and install. The print resolution achievable to day with screen printing and digital printing means our banners will really stand out! Any size of banner can be printed on a variety of different outdoor fabrics. We use eco UV resistant inks for long life colour fastness. Excellent stitching, hemming and finishing means all our banners can look great for a long time in any situation.

Pull Up Banners

To really stand out from the crowd we have developed a new range of powerful graphics materials. Using the latest print technology, we believe our banners will really showcase your graphics. There are two new banner materials available for our stands, you may choose either of our non-curl materials:

1. Premium Smooth Block out Fabric which produces rich vibrant colours. They are printed at very high resolution to produce powerful eye-catching images. It is tear resistant and remains curl free for the life of the banner unlike many of the basic poly paper banner materials.
2. Smooth Print Fine Banner Vinyl which also prints at very high resolution for great images and has the benefit of being able to be used outdoors as well as indoors as it is waterproof and is printed with fade resistant UV inks. The banner also is tear and curl resistant.

The **Classic Stands** are high quality aluminium with long a life retractable cartridge. They are a good standard, entry level banner stand.

The **Elite Stand** is our premium stand which will present your banner superbly. The finish and styling of the stand will really make your graphics stand out.

**Many sizes
to choose
from**

Sizes Available:

840x1500mm Single Sided
840x1500mm Double Sided
840x2100mm Single Sided
